

## IT PAYS TO JOIN THE TUCSON COMPUTER SOCIETY

Looking For Info?  
We Probably Have the Answers!

*What our members say:*

*"I turn to the eJournal  
many times each month."*

*"Virus identification and removal  
saved me hours of frustration!"*

*"I like receiving a reminder  
of upcoming TCS activities  
in the Weekly Events and  
Announcements."*

*"I can't believe the hours I saved.  
The Listserv is so helpful."*

*"I got my answer and a  
demonstration  
at the SIG meeting."*

*"Many thanks. Your web site is  
a valuable resource."*

*"What a great way to meet others  
who share the same interests."*

## TuCSon<sup>TM</sup> COMPUTER SOCIETY

A volunteer organization with a  
large, diverse membership, the  
TCS reflects the interests of  
computer novices, savvy  
multi-program users  
and professionals.

New presentations every month.

Solve problems.  
Learn something new.  
Meet new friends.

Members share ideas and  
information about computer  
applications and technology.

The TCS provides a forum  
for computer related topics  
and the opportunity to keep up  
with rapidly changing  
technology.

Founded in 1982, the TCS is the  
largest open-membership  
computer user group  
in Southern Arizona.

Information and pricing subject to  
change without notice. January/2010

## Monthly General Meeting

Monthly General Meetings are free and open to the public. TCS meets on the third Monday of each month at the Pima County Medical Society Auditorium at 5199 East Farness Drive. General meetings include a pre-session starting at 6 pm which may be a Q&A session or a presentation of interest by a TCS member or guest presenter.

The main session begins at 7 pm with announcements & guest speaker. There is also a raffle for TCS members, and various sale, swap & give-away tables.

### General Meeting Location

From Grant Road, turn south on Rosemont (at the CVS Pharmacy) and take the first left (Farness Drive). The building is the second on the left, at 5199 East Farness Drive.

### TCS eJournal

The TCS *eJournal* is an excellent source of computer-related information. The *eJournal* contains book and software reviews, hints and tips, industry updates, TCS membership info, regular columns and a multitude of Informative articles.

### [www.aztcs.org](http://www.aztcs.org)

The TCS Website is your on-line source for TCS meeting information, *eJournal* excerpts, archives, resources, useful tips, Special Interest Group information and much more.

## Special Interest Groups (SIGs)

TCS Special Interest Groups (SIGs) meet regularly offering a focused look at specific aspects of computing. The TCS *eJournal* and the Website [www.aztcs.org](http://www.aztcs.org) have all the details.

### Our current SIG's are:

Software Developers  
Digital Imaging  
Computer Professionals  
Windows 7/Hardware  
Genealogy  
Linux

### TCS Listserv

The Listserv is a user-friendly addition to technical support that offers an around-the-clock question and answer forum.

Ask technical questions by E-mail, discuss current computer-related issues and share your computer experiences.

## Educational Opportunities

TCS Classes and Workshops, covering a wide range of subjects at the beginner and intermediate levels, are held throughout the year. Classes provide step-by-step instruction on using a particular program or learning/improving a specific computer skill.

Workshops are information-sharing sessions on general subjects that appeal to almost every member of the Society. Advance registration is required. The TCS Website lists the current Classes and Workshops.

Periodic orientation sessions provide information about TCS activities and all new members are encouraged to take advantage

## Membership Application

- Yes, I want to join the TCS.  
 I am paying my membership dues now.
